LUCKY SH!T

SH!TCOIN NFT RAFFLE

LUCKY SH!T RAFFLE RULES

BUY A TICKET TO WIN THE NFT PRIZE!

- 20 tickets are available for each draw
- 1 winner drawn after all are sold.
- 2 entries are allowed per wallet.
- Ticket Price is 0.006 wETH. (Currently \$12)
- Contract creator fee is 0.001 wETH per ticket
- The more entries, the higher your chance of winning.

HOW DOES EVERYBODY WIN?

Everybody wins a prize!

Here at the [#SCC](#) we love to play fair, so any single wallet that buys enough tickets to equal the value of 0.12 ETH and doesn't get a win gets sent an NFT!

*Entry allowance and max tickets for a draw can be adjusted by the contract owner before new raffles start

LUCKY SH!T
SHITCOIN NFT RAFFLE

TICKETS COMPARED TO MINTING

The cost to mint a new SCC NFT is 0.1 wETH, while we have a current floor price of 0.2 wETH on the OpenSea NFT market.

Raffle tickets cost 0.006 wETH each and have a 5% chance of winning the NFT.

FULL DOCS HERE

The Shitcoin Miner Smart Contract (SCM) is a unique, cross-chain crypto mining protocol.

We aim to **end miner inflation**, offer a **high APR**, and reward **NFT holders** with **SCM fees** on five blockchains.

The key features include:

- **UP TO 3.5% DAILY APR**
- **LOW INFLATION STATIC CRYPTO MINER**
- **ORIGINAL CODE WITH FIXED RATE ON MINER PRICE**
- **REINVEST FUNCTION AND MINER WHALE BURN TAX**
- **MINER FEES REWARD SCC NFT HOLDERS**
- **2% REF REWARD PAID IN MATIC**
- **WEEKLY REFLECTION LOTTERY**

THE GAME

WHERE EVERYONE WINS

SHITCOIN NFT RAFFLE

PROJECTED EARNING POTENTIAL

The SCM smart contract will be deployed across five chains, with each "land" sending a 3% fee to our treasury called the "Eternal Engine"

This will accumulate and compound over five blockchains in bluechip liquidity pools and be airdropped to SCC NFT holders monthly. In addition to our SCM fees, 20% of NFT mint and royalty fees are also sent to the Eternal Engine LP pools. With a supply of 9999 NFT, that would be 200 ETH or \$400,000 at today's prices in mint fees alone compounding in low-risk pools.
